Mr. Ingea:

I would like by the present to express my satisfaction regarding the works you have supplied and installed in the 88 condominium Ocean Club Residences Project on Paradise Island, Bahamas. Your company has always shown a lot of commitment for project completion and was always cooperative for problem solving. Quality was also very much appreciated by individual owners and ourselves.

Such works included:

- Wooden doors
- Closets
- Trims
- Wood paneling
- Vanity units
- Glass doors
- Marble tub decks
- Aluminium railing

We expect to be working with you soon in the future.
