

G.A. DESIGN INTERNATIONAL LIMITED
Interior Architectural Design

TO WHOM IT MAY CONCERN

Re: Grand Hyatt Amman

G.A. Design International were responsible for the Interior Design of the Grand Hyatt in Amman. As principal of the company and Designer in charge of the project I was most impressed and very satisfied with the mill work executed by the company Elcir. Their work was of a consistent high standard and both myself and the client were happy with the end results and would recommend them for further projects.

Yours faithfully,

Harry Gregory
